

THINKING AHEAD, LLC
TUTORING ASSOCIATES

Our Background

At **Thinking Ahead** we feel that we can dramatically help your child reach their total academic potential. We provide a level insight and understanding that can not be achieved in the classroom alone. Whether help is needed preparing for a test or for gaining confidence in the classroom, we are here to help!

Hi, my name is Henry Sztul, Ph.D. I grew up in NYC and am now a Physicist at The City College of New York. I was a teacher at a private school in the city and have been tutoring here for almost a decade. I have assembled a talented group of teachers who are excited about working 1-on-1 with students of all ages.

What to Expect

- You will have the input in selecting which of our tutors is right for you.
- You and your tutor will work out the best times to meet.
- If you are unsure of how much help your child needs we are here to assist you. We are open and flexible to accommodate all kinds of situations.
- You are not responsible for paying the tutor directly. You will instead be billed on a bi-monthly or monthly basis.
- Your child will have copies of all written notes from tutoring sessions.
- Because we work independently, we are able to charge lower rates than most larger commercial agencies.

Who to Contact

You can also contact our company directly for rates and general information by calling:

(917)-596-2560

or by e-mailing us at :

tutoring@ThinkingAheadLLC.com

You can directly contact your private tutor either by phone or e-mail, whichever is more convenient to you.
